Theo's Feast is a unique dining experience that is as equally appetizing to the mind and soul as it is to the most distinguished palate. Inspired by many of the world's most creative avant-garde Chefs, thought provoking theologians and culture shaping philosophers, Theo's Feast is a true gastronomic adventure that cleverly pairs one of a kind dishes to universal metaphors revealing timeless truths that have been a part of humanity's story from the very beginning.

You will be taken on an exceptional food tasting journey through the story of humanity as every element of this 5 course meal has been meticulously designed to enliven your senses while provoking opportunity for a fun and enlightening conversation with your friends.
